The Australian Professional Standards for Teachers

The Australian Professional Standards for Teachers comprise seven Standards which outline what teachers should know and be able to do. The Standards are interconnected, interdependent and overlapping.

The Standards are grouped into three domains of teaching; Professional Knowledge, Professional Practice and Professional Engagement. In practice, teaching draws on aspects of all three domains.

Within each Standard focus areas provide further illustration of teaching knowledge, practice and professional engagement.

The following standards were most prominently addressed at the Drama Queensland conference:

DOMAINS OF TEACHING	STANDARDS
Professional Knowledge	Know the students and how they learn (Standard 1)
	Know the content and how to teach It (Standard 2)
Professional Practice	Plan for and implement effective teaching and learning (Standard 3)
Professional Engagement	Engage in professional learning (Standard 6)
	Engage professionally with colleagues, parents/carers and the community (Standard 7)
